

AMENDMENTS TO THE CLAIMS

1. (Currently Amended) A disposable diaper which has a substantially elongate configuration and comprises a main body having a pair of side edges, and the main body having a liquid-permeable topsheet, a liquid-impermeable backsheet, and a liquid-retentive absorbent member interposed between said topsheet and said backsheet and a pair of fastening tapes provided on respective side edges of said main body,

a waist opening portion and an under-waist portion being present in a portion of the diaper having said fastening tapes, the waist opening portion being provided with a waist elastic member in a width direction of the diaper and the under-waist portion being provided with a plurality of under-waist elastic members, ~~respectively,~~ in a the width direction of the diaper, and

a pair of longer side portions of said diaper being each ~~respectively,~~ provided with ~~one of~~ a pair of leg elastic members,

wherein said under-waist elastic members are fixedly disposed in at least areas extending outwardly from each longer side of the absorbent member in their stretched state so as to manifest contractibility but are not disposed in at

b1  
least a middle of an area where said absorbent member exists, and said under-waist portion has a greater extension stress than said waist opening portion in a width direction of the diaper.

2. (Original) The disposable diaper according to claim 1, wherein said fastening tapes each have a fastening part which mechanically engages with a landing zone.

3. (Original) The disposable diaper according to claim 1, wherein said under-waist elastic members are fixed between sheets making up said main body.

4. (Currently Amended) The disposable diaper according to claim 3, wherein each of said pair of leg elastic members are ~~each~~ disposed along an inwardly curved line, said under-waist elastic members are disposed in an area nearer to a middle of the a width direction of said diaper, than ~~the~~ respective ends of said pair of leg elastic members in said portion having said pair of fastening tapes.
